IN these pages are illustrated a few of the many thousand tablets of International Bronze that grace the walls of great and humble schools, churches, hospitals, business and fraternal organizations throughout the land.

Before each of these tablets was erected, someone stood in exactly your position — faced with the necessity of choosing an appropriate design . . . to entrust its execution to skillful, painstaking hands . . . and frequently to account for the wise expenditure of a limited budget.

Each chose International Bronze — usually after a careful investigation of the entire field. In our long reputation for fair dealing . . . in our staff of artists and designers . . . in the expertness of our molders . . . in the exceptional care given to hand finishing . . . in all these, each saw good reason for choosing International Bronze.

We cordially invite your inquiry, too. All the designs in the following pages are available from stock; the text may, of course, be changed at will. Although the size shown with each illustration is that of the original mold, the design can be carried out in a different size if desired.

In addition, a staff of highly skilled artists is ready to interpret your rough ideas if a design other than those illustrated herein is desired. *There is no charge or obligation of any kind in connection with sketches and estimates, which we submit gladly on request.*

We welcome your inquiry, whether it concerns a simple nameplate or an elaborate sculptured plaque. With every order we complete goes our unconditional guarantee of absolute satisfaction.

IMPERISHABLE bronze for imperishable deeds! Only the "metal of the ages" is a fitting medium for our tributes to those who fought — and those who fell — in World War II.

The subject may be an Honor Roll — a lasting record of the names of those in the armed forces. It may be a memorial tablet dedicated to one or more who made the supreme sacrifice. Or it may be a testimonial plaque for presentation to one whose courage and leadership won the affection of his men.

Whatever the occasion you may be sure that an International Bronze military plaque will be appropriate . . . impressive in design . . . unsurpassed in craftsmanship . . . reasonable in cost. Many handsome designs are available from stock patterns; in other instances we will gladly submit sketches without charge or obligation, or quote from your own sketch or blueprint.

We are very pleased with the quality of workmanship and the excellent appearance of this plaque. Thanks for your close cooperation and the accuracy with which you followed instructions.

CHARLES J. HEGENAUER, *Chief Draftsman*
Burndy Engineering Company Inc., New York

I have received splendid cooperation and service from you and I have on many occasions recommended your organization to my friends. The work that you have done has been of excellent quality, and your assistance in planning these tablets has contributed in no small degree to their ultimate success.

S. M. SILVERSTEIN, *Vice President & General Manager*
Rogers Corporation, Manchester, Connecticut

It was my duty to choose a memorial from the several different manufacturers who had sent me their catalogs. Now that I have heard the very favorable comments of our Unit Officers and the Membership, I feel I did the right thing at the right time in selecting your plaque to commemorate our members who have fallen.

WM. R. LISS, *Chairman*
Servicemen's Committee, Ford Local No. 600

FROM time immemorial, rich, dignified bronze has been the appropriate vehicle for our tributes to the departed.

In the hands of the craftsmen of International Bronze Tablet Company, memorial tablets become beautiful, everlasting records of the names and deeds of those who have left us. Genuine solid International Bronze is expertly cast, and painstakingly finished to perfection by skilled artisans.

Numerous designs are in stock, some of which are shown in the following pages . . . but if the circumstances require a distinctive, individual design the services of International's own design studio are at your command. Sketches will gladly be submitted without charge or obligation. All we require is a brief description of your needs. Such information as approximate size of plaque or space available, whether upright or horizontal, an idea as to the inscription, etc. will be helpful.

I want to thank you again for the memorial tablet supplied for our Church some months ago. All of our people are pleased with the design, workmanship and materials. I consider that your prices are reasonable when quality is of primary importance.

J. T. EDWARDS, *Pastor*
First Baptist Church, Culpeper, Virginia

Through several years we have ordered many bronze memorial tablets from you, and each of them has reached us in good shape, and has been outstanding work. Our relations were conducted in a prompt and completely satisfactory manner and it was a pleasure to do business with your company. I think that the best compliment which we can pay is to say that any future work which we have will be sent in your direction.

The bronze memorial tablet has safely arrived, and I am sending this missive to thank you very sincerely for the splendid work of art. Indeed, my personal expectation has been truly surpassed, and those who have seen the tablet have as well been full of praise and delight over it. All your promises have come true; for my personal judgement and that of others competent to speak in the matter, are in admiration at such fine work.

W. B. SOMMERHAUSER,

WHEN the occasion arises to mark an important civic achievement or new structure, the natural choice is bronze — impressive, dignified, enduring for all time, whether indoors or out . . . truly the perfect, everlasting record.

And when your choice is genuine International Solid Bronze you have the further assurance of masterly craftsmanship . . . in design . . . in casting . . . and in the important details of hand finishing that International's artisans apply to every tablet.

In the following pages are a number of standard designs. But you are not limited to these — we will gladly submit original sketches without charge or obligation if you so desire. Give us a brief description of your own particular requirements. An idea as to your approximate planned expenditure is always helpful to our staff of designers.

FAR more precious than their moderate cost, award plaques of International Bronze are much desired . . . create widespread competitive interest . . . and represent a fitting tribute to the winner, whether his achievement be great or modest.

The plaque may be a permanent one, with provision for adding the names of winners periodically . . . or it may be designed for presentation to a single winner, and to remain in his possession. Frequently it is mounted on a handsome base of genuine solid walnut, hand rubbed to a beautiful cabinet finish.

The following are a few standard designs; we will be glad to submit special sketches to meet your own requirements without charge or obligation, should you have something different in mind.

Over a period of years your company has made for us the various plaques that we use in connection with sales contests and awards. We have always found your work very satisfactory and delivery very prompt. We would at any time be glad to recommend your company.

H. O. WEISE, *Vice President*

We are more than pleased. So often when ordering from a catalogue you are disappointed when the article arrives, but not so in this case.

FLORA J. BRAINERD,

We wish to congratulate you upon the fine piece of artistry and can assure you that in the future should we be in need of other work, we will be very happy to have same made by you.

DAVID GREENBLATT,
Lackawanna Pants Employees Welfare Assoc., Scranton, Pa.

Since seeing the bronze plaque the committee stated that it was far superior to a cup, both because of its beauty and because it will be mounted on a wall where it will be seen at all times, and not in a case to tarnish and be hidden by other trophies.

WHAT better way to pay tribute to one who deserves high honor than in beautiful, dignified bronze.

Your testimonial plaque of International Solid Bronze will be cast by craftsmen whose skill in many cases has been handed down from generation to generation. Then it will be hand finished by gifted artisans, until perfection gleams from every letter. If it is to be mounted, choice hand-rubbed solid walnut is selected for the base. Solid mahogany or oak is available if preferred.

Suggested stock designs are in the following pages; if you prefer a distinctive, original design you incur no cost or obligation when you request sketches from us.

The tablet, with bas relief portrait, furnished this church is satisfactory to all who have seen it. It has been a pleasure to deal with you.

REVEREND FREDERIC EVENSON,
Christ Church, Gilbertsville, New York

The plaques which you made for us are a fine piece of work and are admired by all who have occasion to see them in the lobby of our synagogue. We highly recommend your organization to any one who may have occasion to use this kind of work.

MEYER SHAPIRO, *Chairman Tablet Committee*
Congregation Shomrei Emunah, Brooklyn, N. Y.

It is about time, after doing business with you for the last ten years, that we acknowledge the pleasure we have had in working with you. In giving you our orders we were relieved of all troublesome details, worry and aggravation.

P. A. FIEBIGER, Jr.
P. A. Fiebiger, Ornamental Iron, New York

For the third time I have had occasion to do business with you and I assure you each of the three tablets is beautiful in design and of excellent material and workmanship. Glad to recommend your service and product, and I assure you that I am more than pleased.
